[Scheduling a Consultation](#)

Have you felt like you haven't asked the right questions and that your doctor has not discussed everything that you need to know after your session? Here are some tips that would make your every consultation fruitful and even enjoyable.

**Celebrity Joints**

Famous personalities who had their joint replaced. Arnold Swarzeneger is one of the millions of happy joint replacement recipients worldwide. (Disclaimer: AOJR or any of its doctors do not claim to have operated on Governor Arnold Swarzeneger)

**Lets Talk OA**

Arthritis is the most common cause of disability in adults. It is the leading cause of physician visits among people above 65 years of age. In the Philippines, there are 11 million people affected by this disease. AOJR wants to talk to you or your community about Arthritis. Help us improve lives by creating awareness. Join our Arthritis Awareness Campaign.
